

Corporate Social Responsibility (CSR)

Effective Date: Jul 9, 2025

1. Commitment Through Our Platform

At Miragno, we believe Corporate Social Responsibility (CSR) is key to sustainable and ethical business practices. While we haven't launched formal CSR programs yet, our platform inherently supports social good by providing a safe, anonymous, and moderated space for emotional expression and mental well-being.

Our service addresses modern challenges by prioritizing:

- User anonymity and privacy,
- Strict moderation to prevent harm, and
- Supportive, non-judgmental interactions.

2. Environmental Responsibility

As a digital-first business, we minimize our environmental impact by:

- Using energy-efficient cloud hosting to reduce our carbon footprint.
- Promoting remote work to decrease commuting-related emissions.
- Encouraging paperless operations across all internal processes.

3. Future Outlook

As we grow, we plan to expand our impact through:

- Mental health awareness and advocacy,
- Digital well-being education, and
- Partnerships with nonprofits.

Structured CSR initiatives will be integrated into our long-term strategy.

4. Open Dialogue

We welcome ideas from users and stakeholders on how to better serve our community and planet. For CSR-related suggestions or collaborations, contact us at:
